

SORE THROAT?

apunipima
CAPE YORK HEALTH COUNCIL

STRONG WAYS
STRONG HEARTS

DOUBLE SWAB FOR COVID-19 & STREP A REMEMBER!

Sore throats could be a sign of **COVID-19** or a **Strep A** infection, which left untreated could lead to Acute Rheumatic Fever (ARF) or Rheumatic Heart Disease (RHD)

For more information visit the Apunipima or QLD Health clinic.
